

New Interior Spaces for Resources for Child Caring

Little Canada, MN – November 20, 2003 – Collaborative Design Group was recently selected to provide interior design services for Resources for Child Caring, a non-profit organization providing education, support, and advocate services for parents, providers, teachers, trainers, and early childhood professionals.

Collaborative Design Group is providing interior design services for their new 28,500 square foot building. The space includes offices, meeting rooms, a library, classrooms and packing and shipping warehouse space.

Collaborative Design Group, Inc. is a multidisciplinary architectural, structural engineering, interior design, and planning firm located in Minneapolis, Minn. The firm offers comprehensive design services to commercial, industrial, and institutional clients.
