

Collaborative Design Group, Inc. to Renovate Bloomington Hotel

Bloomington, MN (September 17, 2007) – Collaborative Design Group is providing architecture and interior design services for the remodeling of the Holiday Inn Select location in Bloomington, MN.

The Holiday Inn Select Hotel project is an updating of an existing 1979 hotel for the new ownership. A reflective glass entry will be added on the exterior at the primary elevation. Entries, sidewalk, finishes, entrance canopies, signage and lighting will also be upgraded.

The interior work will include the renovating of guestrooms, ADA accessibility, updating guest corridor lighting and finishes and providing for other updates to meet the new standards.

The lobby, all day restaurant, business center and pool area will be remodeled. The public area restrooms will receive new finishes and be brought up to current ADA standards. Completion is scheduled for Spring of 2008.

This is the third project Collaborative Design Group has worked on with the new hotel owners, Trinity Development, based out of New York City. Together the firms recently completed the rebranding and remodeling of two St. Paul Hotels: the Radisson Riverfront hotel into the New Crowne Plaza and the Hilton Garden Inn, previously the Radisson City Center.

Collaborative Design Group, Inc. is a multidisciplinary architectural, structural, engineering, interior design, and planning firm located in Minneapolis, Minn. The firm offers comprehensive design services to commercial, industrial, and institutional clients.
